The Center for Equity for English Learners (CEEL) in collaboration with LMU Extension presents an interactive, professional development course on **Academic Spanish for the Science and Math Instructional Program**

**COURSE DESCRIPTION:**
The objective of this course is to increase teachers’ ability to use academic level Spanish in the science and math content areas.

Course participants will:
- Investigate and apply interactive, participatory strategies to maximize content-based language learning
- Examine methods for enhancing math/science curriculum in Spanish language settings
- Create lesson plans in Spanish for math and science
- Develop and refine level of academic Spanish in math/science

**Who should attend?**
- Spanish Dual language and Bilingual Classroom Teachers
- English Learner Resource Teachers or Coaches
- English Learner Specialists/Program Coordinators

Note: This is one of three courses that qualify for completion of the Certificate for Teaching Academic Spanish in Grades Pre-K through 12.
