

English Learner Master Plan Institute: Designing Visionary Local Policy Aligned to the CA English Learner Roadmap

2025-2026

Join us for our English Learner Master Plan Institute!

This unique opportunity will support Local Education Agencies (e.g. districts, charters) to strategically plan for the development/revision of their district plans to support Multilingual/English Learner students. Leadership teams will participate in five sessions focused on EL Master Plan development processes to promote equity for Multilingual/English Learners. Throughout this collaborative professional learning community, teams will also engage in cross-district discussions to support the writing of their EL Master Plan. Our work will be grounded in our CEEL English Learner Master Plan Playbook.

SESSION TOPICS

- Session 1: Tuesday, September 16, 2025, 8:30am-12:30pm
