

10TH GRADE CHECKLIST AND SUGGESTED ACTIVITIES

- Take Geometry or Algebra II, college prep English, and a language other than English. Visit the UC High School Course Planner to determine which classes fit within the A-G. If advised by UB staff take advanced placement courses.
- Try to earn A and B grades in all your classes. Studying hard in high school will help prepare you for college coursework. When calculating your GPA, colleges will look at 10th & 11th grade A-G courses.
- Update your High School Course Planner with the courses you complete in the 9th grade and those you are enrolled in the 10th grade.
- Focus on your class work and your homework to develop the study skills you will need to succeed in college. Attend tutoring for additional support on a regular basis.
- Work on meeting your academic goals set on your Personal Educational Plans. UB expectation is to have all students maintain a A-G weighted GPA of a 3.0 throughout the academic year.
- Take part in enrichment programs and continue to volunteer in your community.
- Take a Career Interest Inventory and talk over your results with your UB Advisor.
- Visit Westchester High School College Center to sign up for the PSAT (Preliminary SAT). This test will help you gauge your strengths and weaknesses on the new and redesigned SAT.
- Visit college campuses.
- Meet with your UB Advisor four times each semester.
